OUR COMPETENCIES & VALUES

As a family business we think in generations and focus on sustainable and economic activities. We act competitive and sustainable in order to maintain the company for future generations.

Michael Durach, CEO

OUR SUSTAINABILITY GOALS

Our 100% Goals

We are committed to **100% inclusion** at our sites: Diversity = Enrichment

By 2025, we will achieve an **average recycling rate** of at least **95 %** at all our production sites through waste separation

By end of 2025, **100%** of our branded articles have **recyclable packaging**

Since 2023, we have **reduced or eliminated the use of egg** in branded products in Germany unless egg is a name-giving or value-giving ingredient

From 2025, we will use **renewable electricity from our own plants** at all German sites

Our 0% Goals

FURTHER Goals

By 2025, we will reduce packaging to a minimum: **-3000 metric tons** (with 2016 as basis)

By 2025, we will **save 20 %** in electricity, heat, water, wastewater, waste and fuel per ton of product compared to 2019

By the end of 2033, our **German production plants** will be **CO₂-neutral** through CO₂ avoidance and reduction of emissions, without any compensation. From 2038, we will also achieve this goal in the international plants.

Founded in 1845 as a mustard manufactory in Munich, the owner Johann Conrad Develey succeeds in a real sensation: he mixed caramelized sugar and a special spice mixture to his hot mustard. The result: Sweet mustard.

Today, the mustard creation is still made according to the original recipe from 1854. The Develey brand now has a 175-year history and offers a versatile product portfolio that includes not only mustard but also barbecue sauces, salad dressings, pickles, ketchup and mayonnaise. Still today our love and attention to every little detail of a product is our most important ingredient. We attach greatest importance to quality and taste.

We are proud that nowadays Develey has fans all over the world. This drives us to put all our efforts into achieving best taste not only today but also tomorrow.

Syrup

Raspberries, currants, peaches and many more – Since 1929, when we launched our first raspberry syrup, we have been continuously working on our product range. Thanks to our innovative spirit and know-how, we regularly surprise our customers with new ideas.

Serving suggestions

- Basis for water or for mixed drinks and fruit cocktails
- Alternative for sugar to refine teas or hot water – fruity sweetness and taste!
- Refining desserts or cakes, also suitable as a topping for puddings, desserts or fruit salads
- Water ice or fruity flavour milkshakes
- Fruity ice cubes with small berries or fruit pieces

Apple cider vinegars

The Mautner Markhof apple cider vinegar creations are based on traditional Austrian recipes and apples of highest quality. A natural double fermentation process is the core of the typical production process.

Besides the classic, the **apple cider vinegar unfiltered**, we offer three special highlights:

The **apple cider vinegar with blossom honey** contains 6% honey and has an intense golden colour. With its well-balanced mildly sweet and sour taste it is a perfect match for fruit salads and desserts but also for hearty salads, vegetables and soups, e.g. pumpkin soup.

The **organic apple cider vinegar** is unfiltered, unpasteurized and contains the **“mother of vinegar”**. It goes perfectly with salads or even as a drink or shot and supports your wellbeing.

The **apple cider vinegar barrique** is a speciality stored in oak barrels for a minimum of six month. It has a smooth and intense taste which is perfect for refining marinades, e.g. poultry marinades, as well as flavouring dark sauces.

HORSERADISH SAUCES

Since its foundation in 1908, Koch's stands for highest quality and expertise in the horseradish segment. This is reflected in the key principle of the brand: "Good is not yet good enough – At Koch's it has to be special". The freshly harvested horseradish roots are manually sorted, selected and stored in highly modern, cooled warehouses to preserve the natural taste. Koch's product range today includes various horseradish creations as well as sauces and seasonings. The excellent taste is guaranteed by the use of natural ingredients without any additional artificial flavorings or colorings.
